Standard shape magnets with sticker

3D elements - polymer stickers - make the magnet and using it more interesting. A pattern overprinted in digital full-colour method with photo quality, covered with polymer resin stuck to the top part of magnet makes an impression of convexity - both visual and tangible. A lens-like shape of the polymer optically enlarges the overprint.

Individual shape magnets

Magnets are known as one of the most effective promotional products. Customised magnets are a great way for you to promote your business and keep your name in front of your customers. Always on view, functional, eye-catching. We can produce magnets in every needed form of the brand or product. Unlimited technical possibilities allow to create 2D and 3D magnets and full colour photograph-quality print let you keep suitable colouring and depth effect. Our in-house production and print process allow for short delivery times and market leading prices just from 2500 pcs. Let advert works as a magnet!

The maximum size of individual magnet is 57 / 57mm

..... **FACE SHIELD**

Our visor is used as a supplementary element of protective clothing, reducing the risk of droplet-borne infections.

It protects the mucous membranes of the mouth, eyes and nose from contact with contaminated hands or objects and minor mechanical injuries.

PROTECTIVE **FACE MASK**

The masks have a certificate confirming filtration efficiency at the level of 99.5% issued by the Central Institute of Labour Protection in Łódź.

It filters the air and pathogens contained in it. Thanks to the appropriate adhesion to the face, it makes it difficult to touch the lips and nose and transfer germs with your hands, while allowing you to breathe freely.

.....

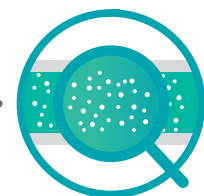

Best Cover ANTIBACTERIAL PEN

The PACO and ERIS pens from the Dreampen collection with antibacterial protection - reduce the spread of germs at home or in the workplace. The pens do not lose their antibacterial properties throughout their lifetime, as the plastic is enriched by the silver compounds. In result, all plastic elements have the antibacterial effect (against bacteria and viruses).

Our tested antibacterial plastic provides 99.9% effective protection against bacteria and other microbes during the life of the writing instrument.
